## **CITY OF ENNIS, TEXAS UNIFIED DEVELOPMENT ORDINANCE**

### **Article XI – Definitions**

#### **11.1 GENERAL RULES OF INTERPRETATION**

Unless the context clearly indicates otherwise, the following rules shall apply in interpreting the terms and provisions of this Ordinance.

##### **11.1.1 MEANINGS AND INTENT**

All provisions, terms, phrases, and expressions contained in this Ordinance shall be construed according to the general purposes set forth in **Article I: General Provisions, Section 1.5, Purpose and Intent**, and the specific purpose statements set forth throughout this Ordinance. When, in any specific section of this Ordinance, a different meaning is given for a term defined for general purposes in this article, the specific section's meaning and application of the term shall control.

##### **11.1.2 HEADINGS, ILLUSTRATIONS, AND TEXT**

In the event of a conflict or inconsistency between the text of this Ordinance and any heading, caption, figure, illustration, table, or map, the text shall control.

##### **11.1.3 LISTS AND EXAMPLES**

Unless otherwise specifically indicated, lists of items or examples that use terms such as "for example," "including," and "such as," or similar language are intended to provide examples and are not exhaustive lists of all possibilities.

##### **11.1.4 COMPUTATION OF TIME**

The time in which an act is to be done shall be computed by excluding the first day and including the last day. If a deadline or required date of action falls on a Saturday, Sunday, or holiday observed by the City, the deadline or required date of action shall be the next day that is not a Saturday, Sunday, or holiday observed by the City. References to days are calendar days unless otherwise stated.

##### **11.1.5 REFERENCES TO OTHER REGULATIONS/PUBLICATIONS**

Whenever reference is made to a resolution, ordinance, statute, regulation, or document, it shall be construed as a reference to the most recent edition, including amendments, of such regulation, resolution, ordinance, statute, regulation, or document, unless otherwise specifically stated.

##### **11.1.6 DELEGATION OF AUTHORITY**

Any act authorized by this Ordinance to be carried out by a specific official of the City may be carried out by a designee of such official.

##### **11.1.7 TECHNICAL AND NON-TECHNICAL TERMS**

Words and phrases shall be construed according to the common and approved usage of

the language, but technical words and phrases that may have acquired a peculiar and appropriate meaning in law shall be construed and understood according to such meaning.

#### **11.1.8 PUBLIC OFFICIALS AND AGENCIES**

All public officials, bodies, and agencies to which references are made are those of the City of Ennis unless otherwise indicated.

#### **11.1.9 MANDATORY AND DISCRETIONARY TERMS**

The words “shall,” “must,” and “will” are mandatory in nature, establishing an obligation or duty to comply with the particular provision. The words “may” and “should” are permissive in nature.

#### **11.1.10 SYNONYMOUS TERMS**

Unless otherwise specified:

- A. The word “building” includes the word “structure” and the word “structure” includes the word “building”;
- B. The word “lot” includes the words “building site,” “parcel,” “plot,” or “tract”; and
- C. The phrase “used for” shall include the phrases “arranged for,” “designed for,” “intended for,” “maintained for,” and “occupied for.”

#### **11.1.11 CONJUNCTIONS**

Unless the context clearly suggests the contrary, conjunctions shall be interpreted as follows:

- A. “And” indicates that all connected items, conditions, provisions, or events apply; and
- B. “Or” indicates that one or more of the connected items, conditions, provisions, or events apply.

#### **11.1.12 TENSES, PLURALS, AND GENDER**

Words used in the present tense include the future tense. Words used in the singular number include the plural number and the plural number includes the singular number, unless the context of the particular usage clearly indicates otherwise. Words used in the masculine gender include the feminine gender, and vice versa.

#### **11.1.13 UNDEFINED TERMS**

For words not defined in this article, refer to the online edition of Webster's Dictionary.

## 11.2 INTERPRETATIONS

The Administrator has final authority to determine the interpretation or usage of terms used in this Ordinance per the standards established in **Article III: Procedures and Administration**. Any person may request an interpretation of any term by submitting a written request to the Administrator, who shall respond in writing within 30 days. When interpreting and applying the provisions of this Ordinance, such provisions shall be held to be the minimum requirements for the promotion of the public health, safety, convenience, comfort, and general welfare. Nothing in this Ordinance shall be construed as repealing any existing ordinance regulating nuisances.

## 11.3 GENERAL LAND USE CATEGORIES AND SPECIFIC USE TYPES

This section defines the general use categories and use types listed in the tables of allowed uses (Table 5.1-1) in Section 5.1, the tables of allowed accessory uses (Table 5.3-1) in Section 5.3, and the tables of allowed temporary uses (Table 5.4-1) in Section 5.4.

### 11.3.1 RESIDENTIAL USES

#### A. HOUSEHOLD LIVING

This use category is characterized by residential occupancy of a dwelling unit by a household. Tenancy is arranged on a month-to-month or longer basis (lodging where tenancy may be arranged for a period of less than 30 days is classified under the “Lodging Facilities” category). Common accessory uses include recreational activities, raising of pets, gardens, personal storage buildings, hobbies, and parking of the occupants’ vehicles. Uses types under this category include:

1. Single-Family Detached Dwelling

A detached dwelling having accommodations for and occupied by only one Family, and that is not attached to any other dwelling by any means, and is surrounding by open space or yards. This definition does not include mobile homes or manufactured homes.

2. Townhouse (SF-Attached) Dwelling

A building that has two or more single-family dwelling units erected in a row as a single building on adjoining lots, each unit being separated from the adjoining unit(s) by a fire wall along the dividing lot line, and each such building being separated from any other building by space on all sides. Each unit is intended to be occupied by only one Family. Each individual townhouse unit has individual front and rear access to the outside. Townhouse units are typically surrounded by common areas owned and maintained by a property owners’ association.

3. Townhouse (Multi-family) Dwelling

A building that has at least two but no more than four individual dwelling units on a single lot. Each unit is intended to be occupied by only one Family. Each unit may or may not be separated by a fire wall and shall meet the standards for fire separation between units applicable to a multi-family building. Each individual townhouse unit has individual front and rear access to the outside. This category is distinguished from the Dwelling, multi-family definition by allowing dwelling units to be located side by side and not one over another.

4. Live-Work Dwelling

A structure or portion of a structure: (1) that combines a work activity with a residential living area; (2) where the work component is limited to the uses of professional offices, artists' workshops, studios, or other similar uses and is located on the street level and may be constructed either as separate units or as a single unit; and (3) where the 'live' component is intended to be occupied by the business operator and may be located on the street level behind the 'work' component or any other level of the building. Live-work is distinguished from a home occupation otherwise defined herein in that the work use is not required to be incidental to the dwelling unit and customers may be served on site.

Live-Work Dwelling also means a dwelling unit that is also used for work purposes, provided that the 'work' component is restricted to the uses of professional office, artist's workshop, studio, or other similar uses and is located on the street level and constructed as separate units under a condominium regime or as a single unit. The 'live' component may be located on the street level (behind the work component) or any other level of the building. Live-work unit is distinguished from a home occupation otherwise defined by the ordinance in that the work use is not required to be incidental to the dwelling unit, non-resident employees may be present on the premises and customers may be served on site.

5. Multi-Family (4 DU/lot or fewer) Dwelling

A dwelling or group of dwellings on one lot containing separate living units for at least two and no greater than four or more Families, but which may have joint services or facilities. This category shall include duplexes, triplexes, and quadplexes. This category is distinguished from the Dwelling, Townhouse multi-family definition by allowing dwelling units to be located on different floors of the same building.

6. Multi-Family (More than 4 DU/lot) Dwelling

A dwelling or group of dwellings on one lot containing separate living units for more than four Families, but which may have joint services or facilities.

7. Manufactured Home (HUD-Code)

A structure defined by and subject to the requirements of the Texas Manufactured Housing Standards Act, as amended. This definition includes the terms "manufactured home" and "manufactured housing." This definition shall not include "mobile homes" that are defined as pre-1976 units as defined by Texas Manufactured Housing Standards Act, as amended.

B. GROUP LIVING

This use category is characterized by residential occupancy of a structure by a group of people who do not meet the definition of "Household Living." Tenancy is arranged on a monthly or longer basis, and the size of the group may be larger than a family. Generally, Group Living structures have a common eating area for residents. The residents may receive care, training, or treatment, and caregivers may or may not also reside at the site. Accessory uses commonly include recreational facilities and vehicle parking for occupants and staff. Use types under this category include:

1. Assisted Living Facility ( $\leq$  6 residents)

An establishment, licensed by the State of Texas that furnishes, in one or more facilities, food and shelter to four or more persons but no more than 6 who are

unrelated to the proprietor of the establishment, and provides personal care services as defined by the State of Texas. These establishments may be located in single-family homes and share the house with the care giver. This category includes adult foster care homes and adult care group homes.

2. Assisted Living Facility ( $\geq 7$  residents)  
An establishment, licensed by the State of Texas, that furnishes, in one or more facilities, food and shelter to seven or more persons who are unrelated to the proprietor of the establishment, and provides personal care services as defined by the State of Texas.
3. Community, Group, or Foster Home  
A community-based residential home or facility that provides care for children 24-hours a day as defined and regulated by Chapter 42, Human Resources Code of the Texas State Statutes, or for adults 24-hours a day as defined and regulated by Chapter 123, Human Resources Code, of the Texas state statutes.
4. Independent Senior Living Facility  
A facility containing dwelling units, accessory uses, and support services specifically designed for occupancy by persons 60 years of age or older. Such facilities may include accommodations for people who are fully ambulatory or who require no medical or personal assistance or supervision, as well as accommodations for people who require only limited or intermittent medical or personal assistance.

### **11.3.2 PUBLIC AND INSTITUTIONAL USES**

- E. RETAIL SALES  
Retail sales establishments sell merchandise directly to the general public from a fixed point-of-sale location. Retail establishments are designed to attract a high volume of walk-in customers and they often have displays of merchandise and sell to the general public for personal or household consumption. Accessory uses may include offices, parking, primarily indoor storage of goods, and assembly, repackaging, or repair of goods for on-site sale. Specific use types include:
- 1. Furniture and home furnishings  
These establishments sell products, such as household furniture (e.g., baby furniture box springs and mattresses) and outdoor furniture, office furniture (except those sold in combination with office supplies and equipment), floor coverings (rugs, carpets, vinyl floor coverings, and floor tile not only ceramic or wood), and window treatments (curtains, drapes, blinds, and shades). Some of these items may be sold in combination with major appliances or home electronics, or in combination with installation and repair services.
  - 2. Building Materials, Home and Garden Centers  
These establishments include the retail sale of home building and repair, lawn, and garden supplies, and construction materials such as brick, lumber, and other similar materials. They may also sell other products, such as plumbing goods, electrical

goods, tools, housewares, hardware, and home appliances.

3. **Swimming Pool, Spa, and accessory sales and service**  
These establishments are for the sales, general repair, and maintenance of swimming pools or spas and accessories, including but not limited to outdoor furniture, mechanical equipment, and chemicals.
4. **Department Store, Superstore, or Warehouse Club**  
These establishments are unique in that they have the equipment and staff capable of retailing a large variety of consumer goods from a single, and relatively large location (generally over 80,000 sq.ft.). They retail a wide range of products with no one merchandise line predominating. Products may include: apparel, furniture, appliances and home furnishings, paint, hardware, toiletries, cosmetics, photographic equipment, jewelry, toys, and sporting goods. Merchandise lines may be arranged in separate departments. Use this classification for establishments known as warehouse clubs, superstores or supercenters retailing a general line of groceries in combination with general merchandise.
5. **Electronics and Appliances**  
Establishments in the electronics and appliance stores class retail electronics and appliance merchandise from point-of-sale locations. Products sold at these establishments include household-type appliances, cameras, televisions, stereos, and other electronic goods. These establishments often sell computer hardware and software along with other lines of merchandise.
6. **Durable Consumer Goods Sales**  
Establishments in this retail sales category offer a wide range of product lines that often include: clothing, florists, sporting goods, art supplies, shoes, jewelry, toiletries, cosmetics, photographic equipment, toys, books & magazines, furniture, furnishings, appliances, electronics, automotive parts, and dry goods. Examples of such establishments are: department stores, warehouse clubs, superstores or super centers (with the exception of grocery stores).
7. **Grocery Store or Supermarket**  
Supermarkets and other grocery (except convenience) stores retail a general line of food, such as canned and frozen foods; fresh fruits and vegetables; and fresh and prepared meats, fish, and poultry. Included in this class are meat and seafood markets, delicatessen-type establishments, and establishments retailing baked goods (usually made off-premises). These establishments may include pharmacies, banks, or cafes.
8. **Convenience Store**  
Convenience stores or food marts (except those with fuel pumps) primarily retail a limited line of goods that generally includes milk, bread, soda, and snacks. In high traffic or tourism corridors, they also sell gifts, crafts, maps, and other goods normally associated with travel and tourism.
9. **Beer and Wine Sales**  
These include any retail sales establishment that also sells packaged alcoholic beverages, such as ale, beer, and wine for off-premise consumption only.
10. **Pharmacy or Drug store**

This category includes any use under the Retail Sales category that includes gasoline sales pump.
18. Any retail sales use with drive-thru facilities  
This category includes any use under the Retail Sales category that includes drive-thru or drive-up facilities where customers are served without leaving their vehicles.

F. FINANCIAL AND REAL ESTATE SERVICES

This category includes a range of uses related to retail banking and financial services to individuals and businesses. Specific use types include:

1. Bank, Investment, or Financial Institution (without drive-thru service)  
An establishment, open to the public, for the deposit, custody, loan, exchange or issue of money, the extension of credit, and/or facilitating the transmission of funds and that is licensed by the appropriate state or federal agency as a bank, savings and loan association, or credit union. Accessory uses may include automatic teller machines, offices, and parking. This category excludes bail bonds, pawnshops, payday advance/loan businesses, and motor vehicle title loan businesses. Additionally, it excludes regulated lenders licensed in accordance with Chapter 342 of the Texas Finance Code that also offer services as credit access businesses under Chapter 393 of the Texas Finance Code.
2. Bank, investment, or Financial Institution (with drive-thru service)  
An establishment, open to the public, for the deposit, custody, loan, exchange or

issue of money, the extension of credit, and/or facilitating the transmission of funds and that is licensed by the appropriate state or federal agency as a bank, savings and loan association, or credit union. Accessory uses may include automatic teller machines, drive-thru service, offices, and parking. This excludes bail bonds, pawnshops, payday advance/loan businesses, and motor vehicle title loan businesses. Additionally, it excludes regulated lenders licensed in accordance with Chapter 342 of the Texas Finance Code that also offer services as credit access businesses under Chapter 393 of the Texas Finance Code.

3. Alternative Financial Institution

A payday advance/loan business or a motor vehicle title loan business. An alternative financial institution does not include state or federally chartered banks, community development financial institutions, savings and loans, credit unions, or regulated lenders licensed in accordance with Chapter 342 of the Texas Finance Code. If a regulated lender licensed in accordance with Chapter 342 of the Texas Finance Code also offers services as a 'credit service organization' and/or a 'credit access business' under Chapter 393 of the Texas Finance Code, that business is an alternative financial establishment.

4. Real Estate Services

Establishments in this category comprise of those that are in the business of selling or leasing real estate including residential, retail, office buildings, manufactured homes and sites, vacant lots, and acreage. It also includes real estate appraisers (which estimate the market value of real estate), and other establishments performing real estate related services while not leasing buildings.

5. Property Management Services

This category comprises establishments that manage real property for others. Management includes performing various services associated with overall operation of property, such as collecting rents, and overseeing services such as maintenance, security, and trash removal. Included in this category are owner-lesors and establishments renting real estate and then acting as lesors in subleasing it to others. Establishments may manage the property themselves or have another establishment manage it for them.

G. RENTAL AND LEASING SERVICES

Establishments in the rental and leasing category include establishments that provide tangible goods, such as computers, video games, consumer goods, and industrial machinery and equipment, to customers in return for a periodic rental or lease payment. This category does not include car and truck rental which are included in the Auto-related sales and service category.

1. Recreational and Consumer Goods Rental

These establishments rent recreational goods, such as skis, canoes, bicycles, sailboats, etc. This category also includes establishments that rent personal and household type goods. Establishments generally provide short-term rental although in some instances, the goods may be leased for longer periods of time. These establishments often operate from a retail-like or store-front facility. Rental items include: home health equipment; consumer electronics equipment, such as televisions, stereos, and refrigerators; clothing, such as formal wear, costumes, (except laundered uniforms and work apparel); furniture; and party supplies.

2. Commercial and Industrial Machinery Leasing and Rental

These establishments rent or lease: a) office machinery and equipment, such as computers, office furniture, duplicating machines (i.e., copiers), or facsimile machines; b) heavy equipment without operators used for construction, mining, or forestry, such as bulldozers, earthmoving equipment, well-drilling machinery and equipment, or cranes; c) other non-consumer machinery and equipment, such as manufacturing equipment; metalworking, telecommunications, motion picture, or theatrical equipment; institutional (i.e., public building) furniture; or agricultural equipment without operators.

3. Video, Music, and Software Rental

These establishments rent video, music, software, and other intellectual property.

H. FOOD AND BEVERAGE SERVICES

1. Bar or Drinking Establishment

An establishment, licensed by the State for the sale of alcoholic beverages, that derives more than 75 percent of the establishment's gross revenue from the on-premise sale of alcoholic beverages for on-premise consumption.

2. Full-service Restaurant

Full-service restaurants provide food services to patrons who order and are served while seated (i.e. waiter/waitress service) and pay after eating. They may provide this service in combination with selling alcoholic beverages, providing takeout services, or presenting live nontheatrical entertainment. If alcoholic beverages are sold for on-premise consumption, such sales may not constitute more than 75% of the gross sales of the establishment.

3. Café or self-service Restaurant

These provide self-service food services where patrons order or select items and pay before eating. Food and drink may be consumed on premises, taken out, or delivered to customers' location. Some establishments in this category may provide food services in combination with selling alcoholic beverages as long as such sales constitute no more than 75% of the gross sales of the establishment. This category includes cafeterias, which use cafeteria-style serving equipment, a refrigerated area, and self-service beverage dispensing equipment, and which display food and drink items in a continuous cafeteria line.

4. Restaurant with take out or delivery service only

A food establishment that is open to the public, where food and beverages are prepared primarily for carry-out by the consumer or delivery by the establishment and not for consumption on the premises. This classification may include pizza delivery, specialty food and beverage shops, or baked goods shops. This classification does not include mobile food establishments.

5. Snack, coffee, juice, ice cream, or specialty food sales

These prepare and serve specialty snacks, such as ice cream, frozen yogurt, cookies, or popcorn, or serve nonalcoholic beverages, such as coffee, juices, or sodas for consumption on or near the premises. These establishments may carry and sell a combination of snack, nonalcoholic beverage, and other related products (e.g.,

coffee beans, mugs, and coffee makers) but generally promote and sell a unique food or beverage item.

6. Catering Service

A food establishment without on-site banquet facilities that provides, prepares, and/or serves food at off-site locations for groups, where all food and service expenses are paid by the group and not for individual sale.

7. Any food and beverage establishment with drive-thru or drive-up facility

This category shall include any food and beverage establishment with drive thru or drive-up facilities where customers are served without having to leave their vehicles.

8. Any food and beverage establishment with outdoor or sidewalk service

Any outdoor eating and/or drinking area located on a public sidewalk or parkway and containing removable tables, chairs, planters, or related appurtenances.

This category includes for-profit establishments where lodging, meals, and the like are provided to transient visitors and guests for a defined period. Specific use types include:

1. Limited Service Hotels/Motels, including extended stay or residence hotels

A building or group of buildings providing transient lodging accommodations to the general public for compensation, where each guest room may be accessed from an interior or exterior hallway. Accessory uses may include meeting rooms, clubhouse, and recreational facilities intended for the use of residents and their guests. This definition shall not include other dwelling units as defined by this Ordinance.

2. Hotel, Full Service

A building or group of buildings providing transient lodging accommodations to the general public for compensation, where each guest room is accessed from an interior corridor, and that includes ancillary facilities and services such as restaurants, meeting rooms, personal services, recreational facilities, daily housekeeping service, and 24-hour front desk service.

J. BUSINESS, PROFESSIONAL, AND TECHNICAL SERVICES

This category includes a range of office and business services and facilities that include executive, management, administrative, medical, professional and business support services not specifically listed elsewhere in this Ordinance, but not involving the sale of merchandise except as incidental to a permitted use. Accessory uses may include cafeterias, health facilities, parking, or other amenities primarily for the use of employees in the firm or building.

1. Offices for business, professional, or technical services

This category includes offices for corporate, professional, scientific, and technical services for others. Such services require a high degree of expertise and training. This category includes call/customer service centers, offices for real estate, insurance, property management, investment, employment, travel, advertising, law, architecture, design, engineering, accounting, research and development, and similar offices.

2. Offices for Administrative Services

Typical office establishments in any business area fall in this category. They provide a variety of standard administrative services. These establishments are typically

associated with white-collar workers. These may be independent establishments or part of conglomerates that serve one or more companies.

3. Services related to buildings (janitorial, landscaping, cleaning, etc.)

These establishments provide services, such as pest control, janitorial activities, landscaping, carpet and upholstery cleaning, and other services for buildings and dwellings.

4. Medical and Dental Offices

These establishments include offices for medical, dental, and related professionals.

K. PERSONAL SERVICES

This category includes establishments that provide individual services related to personal needs directly to customers at the site of the business, or that receive goods from or return goods to the customer, which have been treated or processed at that location or another location.

1. General Personal Services

An establishment, whether for compensation or not, that provides care, advice, aid, maintenance, repair, treatment, or assistance, not including the practice of a profession and the wholesale or retail sale of goods. Typical examples include barber/beauty shop, spa/salon, shoe repair, tailor, laundry or dry cleaning services, handcrafted or instructional arts studio, photography studio, safe deposit boxes, travel bureau, house cleaning services, weight reduction centers, florist (excluding greenhouses), or pet grooming shop. Boarding is not an incidental use to pet shops or pet grooming shops. This category shall not include the specific categories defined below.

2. Bail bond services

An establishment that solicits, negotiates, and executes bonds or other security to guarantee the appearance in court of a person accused of a crime.

3. Massage Therapy

Any building, room, place, or establishment other than where regularly licensed non-medical or non-surgical manipulative exercises or devices are practiced upon the human body manually or otherwise by a licensed massage therapist, physician, surgeon, dentist, occupational or physical therapist, chiropractor, or osteopath, with or without the use of therapeutic, electrical, mechanical, or bathing devices.

4. Tattoo parlor or piercing studio

An establishment whose principal business activity, either in terms of operation or as held out to the public, is the practice of one or more of the following: (1) placing of designs, letters, figures, symbols, or other marks upon or under the skin of any person, using ink or other substances that result in the permanent coloration of the skin, by means of the use of needles or other instruments designed to contact or puncture the skin; (2) creation of an opening in the body of a person for the purpose of inserting jewelry or other decoration.

L. RECREATION AND ENTERTAINMENT, INDOOR

This category includes uses that provide recreation or entertainment activities within an enclosed environment. Accessory uses may include concessions, snack bars, parking, and maintenance facilities. Specific use types include:

1. Banquet or Meeting Facility

An establishment that is leased on a temporary basis before the day of the event by individuals or groups who reserve the facility to accommodate private functions, including, but not limited to, banquets, weddings, anniversaries, receptions, business and organizational meetings, and other similar functions, to which the general public is not admitted and for which no admission charge is imposed. Such establishments may include kitchen facilities for the preparation of food or catering of food and areas for dancing, dining, and other entertainment activities that customarily occur in association with banquets, weddings, or receptions.

2. Fitness Club, Gym, or Sports Club

These establishments operate fitness and recreational sports facilities, or, provide services for fitness or recreational sports teams, clubs, or individual activities within enclosed structures. The facilities-operating establishments to be classified here include, but are not limited to: fitness clubs, gyms, enclosed arenas, enclosed recreational ball parks and courts, and more.

3. Games Arcade

A building, facility, or other place that contains one or more mechanical or electronic machines or equipment for amusement. This category shall not include gambling establishments.

4. Skating Rink (ice, roller skating, etc.)

A facility open to the public and used primarily for the activity of ice or roller skating.

5. Bowling, Billiards, Pool, Bingo, etc.

This category comprises establishments operating bowling alleys, billiards or pool tables, or bingo games. These establishments often provide food and beverage services.

6. Indoor Amusement Establishment

This category shall include facilities for a wide variety of sport, entertainment, games of skill, or recreation to the general public for a fee where the activity takes place within an enclosed structure. Examples include but are not limited to bowling, billiards, darts, paintball, laser tag or similar activities; gymnasium or indoor arena; basketball, handball, soccer, and tennis courts; hockey rinks; swimming pools; physical fitness centers; and amusement devices. This category shall not include amusement devices that include gambling games.

7. Shooting Club

This category includes indoor facilities especially designed for the safe discharge and use of handguns, rifles, or other firearms for the purpose of sport-shooting or military/law enforcement training.

8. Theater (movie, music, drama, or dance)

A structure that is open to the public and is used for dramatic, operatic, musical, motion picture, or other performance or entertainment-related activities, where admission is charged per performance or event, and where there is no audience participation other than as spectators. Such establishments may include incidental services such as food and beverage sales and other concessions.

M. RECREATION AND ENTERTAINMENT USES, OUTDOOR

This category includes uses that provide recreation or entertainment activities inside and/or outside of an enclosed environment. Accessory uses may include concessions,

snack bars, parking, and maintenance facilities. Specific use types include:

1. Outdoor Amusement Establishment

This category shall include uses that provide a variety of outdoor activities for entertainment and recreation including amusement rides, basketball, baseball, batting cages, go-cart tracks, tennis courts, amusement and theme parks, water parks, marinas, water sports, and other activities not specifically listed under this general category. This category may include indoor arcade facilities and food and beverage sales as well.

2. Golf Course

A tract of land laid out with a course having nine or more holes for the playing of golf, including any accessory clubhouse, driving range, offices, restaurant, concession stand, picnic tables, pro shop, maintenance facilities, or similar accessory uses or structures.

3. Country Club

A facility or area laid out for recreational, athletic, and social purposes, with limited membership, and the use of which is primarily restricted to members and their guests. A golf course may be included as an additional principal use. Accessory uses may include retail sales, a club house, and other recreational facilities.

4. Shooting Club

A facility or area for the sport of shooting at targets to test accuracy in rifle, pistol, or archery practice, owned or operated by a corporation, association, or persons, and conducted outside of an enclosed structure. This category includes skeet shooting facilities, target ranges, archery, and similar activities.

5. Miniature Golf Establishment

These establishments operate miniature golf courses, and typically provide the necessary equipment to patrons. These establishments are distinct from golf courses and country clubs and may be in conjunction with other outdoor or indoor recreation and entertainment uses.

N. OTHER COMMERCIAL USES

1. Surface Parking Lots

As a principal use, a surface parking area that is operated as a business enterprise with a service charge or fee being paid to the owner or operator for the storage or parking of privately owned vehicles, and is not reserved or required to accommodate occupants, clients, customers, or employees of a particular establishment or premises.

2. Structured Parking

As a principal use, a structure for parking that is operated as a business enterprise with a service charge or fee being paid to the owner or operator for the storage or parking of privately owned vehicles, and is not reserved or required to accommodate occupants, clients, customers, or employees of a particular establishment or premises.

3. Sexually-Oriented Business

This category shall include any commercial enterprise in which the primary business is the offering of a service or the selling, renting, or exhibiting of devices or any other items intended to provide sexual stimulation or sexual gratification to the

customers. This category shall include, but not be limited to, adult arcades, adult bookstores or adult video stores, adult cabarets, adult motels, adult motion picture theaters, or nude model studios.

#### 11.3.4 INDUSTRIAL USES

##### A. MANUFACTURING

This category includes establishments involved in the manufacturing, processing, fabrication, packaging, or assembly of goods. Manufacturing establishments are located in plants, factories, or mills and employ power-driven machines and materials-handling equipment. Natural, constructed, raw, secondary, or partially completed materials may be used. Products may be finished or semi-finished and are generally made for the wholesale market, for transfer to other plants, or to order for firms or consumers. Custom industry is included, such as establishments primarily engaged in the on-site production of goods by hand manufacturing involving the use of hand tools and small-scale equipment. Goods are generally not displayed or sold on site, but if so, such activity is a subordinate part of sales. Relatively few customers come to the manufacturing site. Accessory activities may include retail sales, offices, cafeterias, parking, employee recreational facilities, warehouses, storage yards, repair facilities, truck fleets, and caretaker's quarters. Specific use types include:

1. Food and Beverage Processing

A facility or area in which food for human consumption in its final form, such as candy, baked goods, tortillas, soda, beer, and ice cream is produced, and the food is distributed to retailers or wholesalers for resale on or off the premises. Food or beverage processing using mechanized assembly line production of canned or bottled goods is excluded from this definition.

2. Microbrewery, micro distillery, winery

A microbrewery is a small-scale brewing facility designed for the production of malt liquors such as beer and ale, using grains such as oats, hops, rice, wheat, and barley, designed and managed to brew no more than 75,000 barrels of beer per year. A micro distillery is a small-scale facility designed for the manufacture, bottling, labeling, packaging, and sale of distilled spirits and other liquors. A winery is a facility designed for the manufacture, bottling, labeling, packaging, and sale of wine containing not more than 24 percent alcohol by volume.

3. Paper and Printing Materials

Establishments in this category primarily manufacture paper and offer printing-related products. Excluded are photosensitive papers, which are classified in chemical and plastics. Printing establishments print products (e.g. newspapers, books, periodicals, and greeting cards) and perform support activities, such as bookbinding, plate making services, and data imaging. Clothing printers are included if their primary activity is printing, not clothing manufacturing (e.g. T-shirt printing is included, but fabric printing is not).

4. Furniture and related products

These establishments manufacture furniture and related articles, such as mattresses, window blinds, cabinets, fixtures, furniture parts, and frames. Processes include the cutting, bending, molding, laminating, and assembling of materials, such as wood, metal, glass, plastics, and rattan. Aesthetic and functional

design also plays an important part in the production of furniture. Design services may be performed by the furniture establishment's work force or may be purchased from industrial designers.

5. Machinery, Appliance, Electrical Equipment, Electronics, and components

Establishments in this subcategory include a range of manufacturing activities. It includes establishments that make machinery for particular applications, such as agriculture, construction, mining, ventilation, industrial/commercial heating and cooling, and metalworking. It also includes establishments manufacturing electrical products, including motors and generators and manufacturers of household appliances, including heaters, refrigerators, and air conditioners.

6. Transportation Equipment and Automobiles

Establishments in this subcategory produce equipment for transporting people and goods. Although transportation equipment is a type of machinery, assembly tends to be distinct from the production processes common in the machinery manufacturing.

7. Miscellaneous Manufacturing

This category includes all other manufacturing establishments not classified elsewhere. Some of these include jewelry, silverware, dolls, toys, games, musical instruments, office supplies, inks, and signs.

8. Chemicals, Metals, and Heavy Manufacturing

Establishments in this category transform or refine chemicals or metals, and manufacture products from chemicals or metals. Establishments in this category include petroleum or coal products; chemical, plastics, or rubber products; or primary metal manufacturing.

B. WHOLESALE TRADE

Wholesaling is an intermediate step in the distribution of merchandise. Wholesalers either sell or arrange the purchase of goods to other businesses and normally operate from a warehouse or office. They may be located in an office building or a warehouse. Unlike retailers, their warehouses and offices have little or no display of merchandise. Whether the establishment is in a warehouse or an office building depends on a combination of activity and structure-type dimensions. Subcategories include durable and nondurable goods.

1. Durable Goods

Establishments in the durable goods subcategory sell or arrange the purchase or sale of capital or durable goods to other businesses. These establishments wholesale products, such as motor vehicles, furniture, construction materials, machinery and equipment (including household-type appliances), metals and minerals (except petroleum), sporting goods, toys and hobby goods, recyclable materials, and parts. Durable goods generally have life expectancy of at least three years.

2. Nondurable Goods

Establishments in the nondurable goods subcategory sell or arrange the purchase or sale of nondurable goods to other businesses. These establishments wholesale products, such as paper products, chemicals, drugs, textiles, apparel, footwear, groceries, farm products, petroleum products, alcoholic beverages, books, magazines, newspapers, flowers, and tobacco products. Nondurable goods

generally have a life expectancy of less than three years.

#### C. WAREHOUSE AND STORAGE

These service establishments operate warehouse and storage facilities for wholesale trade, general merchandise, refrigerated goods, and other warehouse products. They provide the facilities to store goods but do not sell the goods they handle. They may also provide a range of services related to the distribution of goods, such as labeling, breaking bulk, inventory control and management, light assembly, order entry and fulfillment, packaging, pick and pack, price marking and ticketing, and transportation arrangement. This category also includes commercial mini-storage or self-storage facilities. There is little on-site sales activity with the customer present. Accessory uses may include offices, truck fleet parking, and maintenance areas.

##### 1. Cold Storage Plant

A facility or area where refrigerated or frozen materials are processed, sold, packaged, or kept in protective storage, such as food, furs, or other products.

##### 2. Distribution Center or Warehouse

This category includes buildings or areas for storage, wholesale, and/or distribution of manufactured products, supplies, and equipment. This definition excludes the bulk storage of materials that are flammable or explosive or that create hazardous or commonly recognized offensive conditions.

##### 3. Self-Storage or Mini Storage

A facility or area where enclosed storage space, divided into separate smaller compartments, is provided for use by individuals to store personal items or by businesses to store materials for operation of a business establishment at another location. Related activities, such as retail sale of packing and moving materials and the rental of moving equipment, including vans and trucks, are allowed as incidental uses.

##### 4. Any Industrial Use with Outdoor Storage

This category includes any use in the Industrial use category that provides outside (with or without roof) storage of equipment, inventory and materials, or finished products.

#### D. CONSTRUCTION RELATED BUSINESSES

These establishments either build buildings or structures, or perform additions, alterations, reconstruction, installation, and repairs. They may also provide building demolition or wrecking services. Establishments engaged in blasting, test drilling, landfill, leveling, earthmoving, excavating, land drainage, and other land preparation are included as well. This category reflects the unique processes and site needs such as equipment and material storage, etc. of these establishments.

##### 1. Machinery related contractor's yards and storage

A facility or area for the outdoor storage of building materials, tools, heavy machinery, dump trucks, or commercial and heavy equipment used in relation to construction uses and related businesses.

##### 2. Specialty Trade Contractors

Establishments in this category specialize in construction activities, such as plumbing, painting, and electrical work. Special trade contractors usually work at the job site, although they may have shops for storage, prefabrication and other

work. Specialty trade contractors include carpentry, floor, tile, roof, concrete, electrical, glass, glazing, masonry, drywall, painting, plumbing, HVAC, and similar activities.

3. Asphalt or Concrete Batch Plants

A facility or area, which is not temporary in nature, for mixing concrete or asphalt.

4. Excavation Related Services

These establishments provide a range of excavation related services needed for development and building construction. Activities performed include shaft drilling, foundation digging, foundation drilling, and grading.

5. Wrecking and Demolition Establishment (including junk or salvage yard)

These establishments provide wrecking and demolition of buildings and structures; this includes underground tank removal and the dismantling of non-hazardous steel oil tanks. This category also includes establishments that provide wrecking or disassembling of automobiles, trucks, tractors, or machinery of any kind, or for the storing or leaving of worn out, wrecked, or abandoned automobiles, trucks, tractors, stoves, refrigerators, or machinery of any kind or of any of the parts thereof, or for the maintenance or operation of such place for the accumulation of rubbish of any description such as old iron, glass, paper or other waste that may be used again in some form. Some of these establishments may sell materials derived from demolishing operations.

E. TRANSPORTATION RELATED USES

Physical facilities involved in the movement of people or goods, which may include highways, flight-related facilities, rail transit lines, and other similar facilities.

1. Air transportation related uses

A facility or area for the landing and taking off of fixed or rotary wing aircraft. This uses shall include any terminal, air traffic control towers, hangars, and other related facilities. It shall also include heliports for the landing and takeoff of helicopters.

2. Rail transportation related uses

A facility or area for the maintenance, repair, or storage of bus, rail (including freight), or other transit vehicles.

3. Other local, regional, intercity transportation uses (public and commercial)

This category shall include all other transportation related activities and storage, including but not limited to: school bus transportation, rural and special needs transit operations, local transit, inter-city bus, charter bus, and similar establishments.

4. Taxi and Limousine Service

These establishments provide passenger transportation by automobile or van, not over regular routes or regular schedules. Taxicab owner/operators, taxicab fleet operators, and taxicab organizations are included. Also included are limousine and luxury sedan establishments, which may provide an array of specialty and luxury passenger transportation services.

5. Courier, Messenger, and Postal Service

Establishments in this category include courier and messenger services that provide air, surface, or combined courier delivery services of parcels and messages within or between metropolitan areas or urban centers. These establishments may form

a network including local, and point-to point pick-up and delivery. This category also includes USPS establishments that perform one or more postal services, such as sorting, routing, and delivery on a contract basis. This category shall not include customer service and retail operations of such courier, messenger, or postal service. These shall be considered under the Business, Professional, and Technical Services category or Public or Governmental Functions (USPS).

6. Truck and Freight Transportation Services

Establishments in the truck and freight transportation category provide over the-road transportation of cargo using motor vehicles, such as trucks and tractor trailers. This category includes general freight trucking and specialized freight trucking. General freight transportation establishments handle a wide variety of commodities, generally palletized, and transported in a container or van trailer. Specialized freight transportation requires specialized equipment due to the size, weight, shape, or other inherent characteristics of the cargo. These establishments may be located in conjunction with Warehouse and Storage establishments.

F. UTILITIES AND UTILITY SERVICES

The use of land for lines and facilities related to the provision, distribution, collection, transmission, or disposal of water, storm and sanitary sewage, oil, gas, power, information, telecommunication and telephone cable, and facilities for the generation of electricity.

1. Utility Lines, Towers or Metering/Pumping Station

Local utilities such as electrical power, telephone, gas, water, and sewer drainage lines; air pollution monitoring stations; in-line facilities such as gas regulating stations and water wells or pumping stations; sewage pumping stations; telephone exchange, switching and transmitting equipment; and electrical transmission lines operated by a municipality or a franchised utility company.

2. Sewer, Solid Waste, Recycling and Related Services

Establishments in this subcategory collect, treat, and recycle or dispose of waste materials. Establishments locally haul waste materials; operate materials recovery facilities (i.e., sort recyclable materials from trash); provide remediation services (i.e., the cleanup of contaminated sites); operate sewer systems or sewage treatment facilities; or provide septic pumping or other miscellaneous waste management services.

3. Natural Gas, Petroleum, Fuel Related Services

This encompasses: (1) establishments operating fuel (gas or petroleum) distribution systems (e.g., mains, meters); (2) fuel marketers that buy fuel from the well and sell it to a distribution system; (3) fuel brokers or agents that arrange the sale of fuel over fuel distribution systems operated by others; and (4) establishments that transmit and distribute fuel to final consumers.

4. Electric Utility Services (including generating plants and substations)

A facility or area that generates electricity from mechanical power produced by solar, gas, coal, wind, hydraulic power sources, or nuclear fission franchised by the State. This category also includes electric transmission lines, substation facilities for transforming electricity for distribution to individual customers.

5. Telecommunications Equipment and Facilities (building mounted)

This category includes any telecommunications equipment and facilities attached

to an existing building or tower not built for the exclusive purpose of hosting such facilities or equipment.

6. Telecommunications Towers

Any structure that is designed and constructed primarily for the purpose of supporting one or more antennae that transmit information (audio, video, data) in the form of electromagnetic signals to one or more receivers without the use of a physical connection between the transmitting and receiving source. The term includes but is not limited to lattice towers, guyed towers, and monopole towers. The term does not include a clock tower, bell tower, steeple, light pole, power pole, water tower, or similar structure that incidentally supports antennae. Towers may be freestanding or building-mounted, and may be concealed or unconcealed. An auxiliary structure housing electronic communications equipment is permitted as part of this use. The following definitions shall apply to terms related to telecommunications towers and equipment standards per this Ordinance:

a. Antenna

Any structure or device used to collect, receive, transmit, or radiate electromagnetic waves. Antennae may be mounted on towers or on buildings, and may be concealed or unconcealed.

b. Antenna Array

An arrangement of antennae and their supporting structures.

c. Antenna, Dish

An antenna that is parabolic or bowl-shaped and that receives and/or transmits signals in a specific directional pattern.

d. Antenna, Panel

An antenna which receives and/or transmits signals in a directional pattern.

e. Antenna, Stealth

An antenna that is effectively camouflaged or concealed from view.

f. Antenna, Telecommunications

An antenna used to provide a telecommunications service. This excludes lightning rods, private mobile radio systems, amateur radio antennas less than 50 feet (15 meters) in height, and whip antennas less than four inches (10 centimeters) in diameter and less than 10 feet (three meters) in height.

g. Antenna, Whip

An omni-directional dipole antenna of cylindrical shape that is no more than six inches (15 centimeters) in diameter.

h. Tower, Stealth

A clock tower, church steeple, bell tower, utility pole, light standard, flagpole, or similar structure, designed to support and camouflage or conceal the presence of telecommunications antennae. This definition includes a monopole tower with antennae concealed inside the tower.

7. Small Cell or Network Nodes

This category shall include equipment at a fixed location that enables wireless communications between user equipment and a communications network as regulated and defined by Chapter 284 of the TXLGC.

8. All other Utility related uses (Other Than Listed)

A facility or area for a utility installation not specifically listed in this Ordinance.

### **11.3.5 ACCESSORY USES AND STRUCTURES**

#### **A. ACCESSORY BUILDINGS OR USE**
